REMINDER

- **ELITE TOUR TRAVEL CLUB (ETTC) was formed for those persons who had an interest in traveling. In order for ETTC to survive, its members must “travel.” Any ETTC member who received their membership before January 2005 and has not traveled with ETTC at least twice (2 times) during the year 2005, their membership will expire December 31, 2005, unless they pay a renewal fee of \$20.00 before January 31, 2006.**

If you travel with ETTC at least twice during a calendar year (from the time you joined), then your membership will be automatically renewed each year free of charge.

- **When you call to make a reservation for a trip, your payment and/or deposit is due in the office seven (7) days after the reservation is made. *Failure to send your payment or deposit timely could result in losing your reservation.* Also, ELITE TOUR TRAVEL CLUB’s policy insures that travel club members who pay for their trips first in full will receive the best seats for shows, etc. Seat assignments are made according to the order in which your full payment for a trip is received.**
- **Effective January, 2006, passports are required for identification purposes when traveling outside of the United States. You may no longer use birth certificates, voter registration cards or any other form of identification when traveling outside of the United States.**

For those of you traveling with Elite Tour Travel Club to Niagra Falls, Canada, in May 2006, and on the 7-Day Caribbean Cruise in November, 2006, please make sure that you secure your passports. A suggested place to obtain passports is your local Post Office.
